

The Elite Roasting Machine

Designed for today's Professional Caterer –
Capacity, Versatility, Reliability & Convenience

- Dual viewing windows
- Large 90 kilo pig capacity, feeding up to 300 guests from one serving
- No interior bolts or fixings
- Available in both Spit and Hog Tray options
- With the Elite you can even BBQ and cook additional produce at the same time as cooking your pig (with extensive additional accessories)
- Total back up and on-going support available
- 12 months manufacturer's warranty for peace of mind
- UK manufactured in heavy duty 304 stainless steel

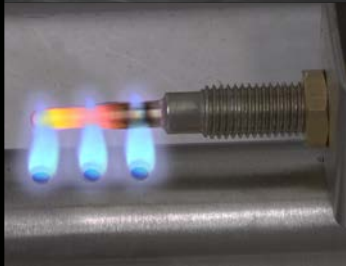

Hog Tray illustrated with Conversion Kit (optional accessories)

Pulley Bars

Robust pulley bars at the correct height, for ease of manoeuvrability and protection of gas fittings and pipe work. Designed with Health & Safety in mind

Burner Bars

Dual Stainless Steel tubular burner bars run the full length of the roaster. Both are independently fed assuring total control of the cooking process and at all times

Quality Wheels

Four large 8 inch wheels, two of which are fully braked and easily manoeuvrable over soft or uneven ground. The larger solid wheels ensure care-free positioning

Motor & Gearbox

Dependable motor and gearbox are fitted as standard. 12 months warranty is fully supported at all times. Designed & manufactured to exacting standards

Large Handles

6 large heat resistant handles with strong spacer bars are fitted to both lids to ensure no transfer of heat during use

Quality Gas Fittings

We only use fittings of the highest quality and spares and back-up support are available at all times

Heavy Duty Bearings

Reliable bearings are mounted onto solid box section steel for total support

Tools & Accessories

All our tools are strong and reliable and are supported by our 12 month guarantee as standard
